## Implementing Web Application

Create UI to interact with application

The screenshot shows a web browser window titled "Plasma Donor Application" with the address bar displaying "127.0.0.1:5000". The page features a teal header with the text "Welcome To Plasma Donor Application". Below the header, there are three input fields for "User ID", "Password", and "confirm Password", each with a placeholder text. A green "Sign UP" button is positioned below the password fields. Below the sign up button, there is a link "Already a Donor ?" followed by a blue "Log In" button. At the bottom of the page, there is a large illustration of a person lying down being attended to by a medical professional, with the text "Donate Plasma" and "Save a Life" accompanied by a heart icon.
